

## Your Dream Team. On Demand.

### Limited Time? Scarce Resources?

Complex finance and accounting problems can be a nightmare. Callaway Partners assembles the right team to solve your on demand finance and accounting needs with unequalled expertise from professionals who have “been there and done that.” Our highly experienced, results-oriented professionals have been CFOs, controllers, managers of Fortune 1000 companies, accountants, auditors, analysts and veterans of national “Big Four” accounting firms. All with a focus on integrity, cost effectiveness, and a dedication and commitment to achieving your accounting and financial objectives with superior results.

Whether your needs are short or long term, large or small in scale, turn to us for assistance in the following areas:

- General Accounting and Finance
- Financial Systems Conversions
- Mergers and Acquisitions
- Forensic Accounting and Independent Investigations
- Internal Audit and Independent Testing Services
- Vendor Compliance Audits
- Sarbanes-Oxley Compliance

Callaway Partners ... on demand finance and accounting expertise.
